A WORD FROM THE CHAIR, ORGANIZING COMMITTEE 2016 SHRINE BOWL

Mike Keys

It is amazing how fast time flies, imagine this is our 30th year of holding our annual Shrine Bowl Game. With this in mind, our fund raising objective for the Shriner's Hospital this year is \$35,000, which will be used towards the purchase of "New State of the Art Monitoring System" for the Advanced Care Unit on the in-patient floor.

Thank you to all, who have supported us over the years and for making a difference.

See you at the game.

Il est étonnant de constater comment le temps passe rapidement. Imaginez... nous en sommes déjà rendus à notre 30e match annuel du Shrine Bowl. Dans cet esprit, notre objectif de collecte de fonds pour l'hôpital Shriners cette année est de 35 000 \$, montant qui sera utilisé pour l'achat du meilleur système de surveillance pour l'unité des soins avancés sur l'étage des malades hospitalisés.

Merci à tous de votre support au fil des ans. Vous faites tous la différence.

Au plaisir de vous voir au match.

Shrine Bowl King & Queen Roi et Reine du Shrine Bowl

Jad (11 years old)

Jad has been followed at the Montreal Children's Hospital since birth for multiple problems and was referred to Shriners Hospital for Children - Canada in 2007 for an idiopathic scoliosis (abnormal curvature of the spine). He first was fitted with bracing to slow if not stop the scoliosis. Then, he was equipped with permanent casts. This summer, Jad was placed under traction in order to restore the natural curve of his spine, leading to a surgery to install corrective rods along his spine.

Despite all his health problems, Jad is a happy child with an easy smile who loves play.

Jad (11 ans)

Jad est suivi à l'Hôpital de Montréal pour enfants depuis sa naissance pour des problèmes multiples et a été référé à l'Hôpital Shriners pour enfants – Canada en 2007 pour une scoliose idiopathique (courbature anormale de la colonne). On a d'abord tenté de ralentir, sinon d'arrêter la progression de la scoliose par l'usage de corsets. Ensuite, on est passé à des plâtres permanents. Cet été, Jad a d'abord été placé sous traction afin de rétablir la courbe de sa colonne avant de subir une opération pour installer des tiges correctrices le long de sa colonne pour rétablir la courbature.

Malgré tous ses problèmes de santé, Jad est un enfant heureux, au sourire facile qui adore jouer.

Rachel-Ann (6 years old)

Rachel-Ann is a survivor. From her first ultrasound before birth, she was diagnosed with club feet. Her birth was very difficult, and she almost did not survive. At that time, she was diagnosed with another condition, spina bifida. At the age of one week, she and her mother, Anne Supre were referred to Shriners Hospital for Children - Canada to care for her club feet and follow her spina bifida. Using a series of corrective casts over six weeks, Rachel-Ann's feet were corrected. Then, surgery allowed to extend the tendon at the back of her legs and she had to wear corrective braces for the next two years. Anne dreaded her first appointment because he had been told it would be long and complex. But she remembers "the appointment took two hours. I was reassured and explained what would happen and Rachel-Ann never even cried". Rachel-Ann is still followed at Shriners Hospital for her spina bifida as well as leg length discrepancy, but today, nothing can stop this survivor: she runs, swims, dances and loves gymnastics. By becoming Queen of the Shrine Bowl, Rachel-Ann honors the memory of her father who died suddenly on September 28, 2012 - he loved football.

Rachel-Ann (6 ans)

Rachel-Ann est une survivante. Dès sa première échographie, avant même sa naissance, les médecins ont diagnostiqué qu'elle naîtrait avec des pieds borts. Sa naissance n'a pas été facile et elle a bien failli mourir, et à ce moment-là on a diagnostiqué une autre condition, le spina bifida. À l'âge d'une semaine, elle et sa maman, Anne Supre ont été référées à l'Hôpital Shriners pour enfants – Canada pour soigner ses pieds borts et suivre le spina bifida. À l'aide d'une série de plâtres correctifs sur six semaines, les pieds de Rachel-Ann ont été corrigés. Ensuite, il a fallu un intervention chirurgicale au tendon et porter une prothèse correctrice. Anne appréhendait beaucoup son premier rendez-vous parce qu'on lui avait dit que ce serait long et complexe. Mais elle se rappelle "le rendez-vous a pris deux heures. On m'a rassuré et expliqué ce qui se passerait et Rachel-Ann n'a jamais même pleuré." Rachel-Ann est toujours suivie à l'Hôpital Shriners pour le spina bifida et pour une inégalité des membres, mais aujourd'hui, rien n'arrête cette survivante : elle court, nage, danse et fait de la gymnastique. En devenant reine du Shrine Bowl, Rachel-Ann honore la mémoire de son père qui est décédé subitement le 28 septembre 2012 – Il adorait le football.

Devenir un Shriner peut s'avérer être une expérience qui peut changer une vie. Que ce soit pour nouer de nouvelles amitiés, expérimenter le bonheur de donner ou participer aux activités de la communauté pour une première fois, devenir un Shriner peut faire d'un homme bon un homme encore meilleur. Découvrez ce qu'est vraiment que d'être un Shriner en écoutant les témoignages de la bouche même des membres.

You are a brother and a friend.
You know you can make a difference.

You're a Shriner.

When you become a Shriner you become part of a brotherhood of men committed to family, engaged in ongoing personal growth, and dedicated to providing care for children in need. While our backgrounds and interests may be diverse, what binds us together are shared values and a desire to have fun, do good, and build bonds that can last a lifetime. **Becoming a Shriner is easier than you think and its rewards can be far more than you expect.**
